Cross-Border Schools Programme re-Commences

Induction Day - Lough Key Forest & Activity Park

In September this year, students from Ballinamore Community School & Enniskillen Royal Grammar School participated in a fun day out at Lough Key Forest & Activity Park. Taking part in orienteering and Boda Borg (a puzzle quest). This provided the students a chance to meet each other and work collaboratively in a non-classroom setting, the perfect way to re-commence our cross-border schools programme.

What is the Cross-Border Schools Programme?

This programme brings together students from Fermanagh and Leitrim to work collaboratively and learn about shared histories. The project is cross-border, cross-community and provides space for students to learn from their peers about the events that have shaped their communities. The students will engage in art & creativity workshops, story exchanges and cultural awareness visits to both Dublin and Belfast. The programme will culminate in a two day peer-support conference in March 2025.

Better Together - Níos Fearr Le Chéile Peace Impact Programme

International Visitor Leadership Programme, USA Autumn 2024

Michael Mullin, our project manager, was delighted to join with NGO workers from around the globe on the International Visitor Leadership Programme in the USA. During the conference, he visited local charities and shared best practice with other attendees on NGO management, social justice issues and community development.

Attendees from Nepal, India, Nigeria, Belarus, Egypt, Australia, Malaysia and Ireland.

Visit to Poll an Easa Waterfall

Thanks to funding from the Department for Children, Equality, Disability, Integration and Youth, we took a field trip to a local landmark - Poll an Easa waterfall just outside of Ballinamore with members of our Community Services Hub & international residents of the town. We had a great day out, enjoying the natural beauty of the area, delighting in delicious Nigerian cuisine and even taking part in a spot of fishing.
